

**K-INTERNATIONAL INC.**

**BEYOND THE LIFETIME PARTNER  
IN AUTOMOTIVE PARTS**

# COMPANY INTRODUCTION

Beyond the Lifetime Partner in Automotive Parts

We, K-International INC., have been a leader in the automotive parts industry in South Korea since 2005. We have been supplying automotive parts to Korean and Japanese automobile companies around the world since 2005.

Although the world has been struggling with economic hardships and excessive competitions, we have achieved steady growth every year with trust and honesty in the field. Also we always try to make chances to meet with our customers through exhibitions and business trips to identify and satisfy our customers' needs and wants. We have always been striving to support all our clients with TGB - Top qualities, Good prices and Best efforts- in order to be second to none in the automotive parts field.

# CAREER & VISION

We have had long-term good relationships with many reliable and well-known manufacturers through our excellent customer service. Therefore, we have been supplying the widest range of products from genuine parts to non-genuine and OEM parts. It has helped us make our products price competitive in the market compared to our competitors.

---

Also we keep endeavoring to expand the range of products in the world market. And we have been doing our best to enhance the supply system to make sure our clients get the right products at the right time in the right condition.

# PRIVATE BRAND

## KORECAR

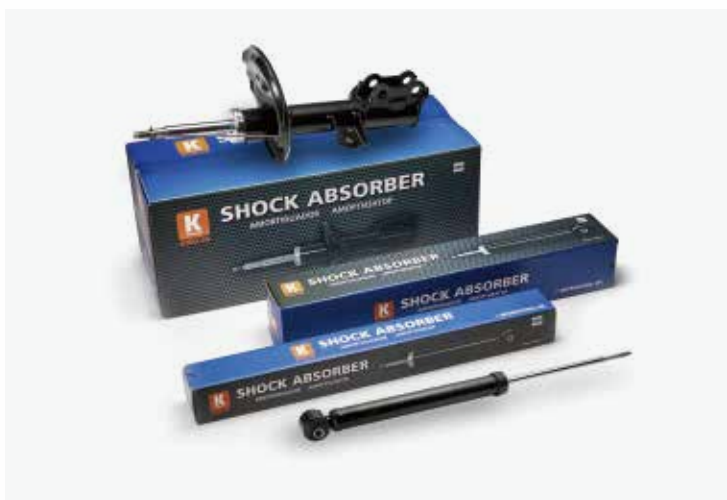

K-INTERNATIONAL INC. supplies automotive spare parts of top quality to our customers since its foundation. KORECAR – the brand of K-INTERNATIONAL INC. – offers the top quality products to enhance vehicle performance and presents various portfolios of automotive spare parts for Korean and Japanese applications.

### Shock Absorber And Strut Ass'y

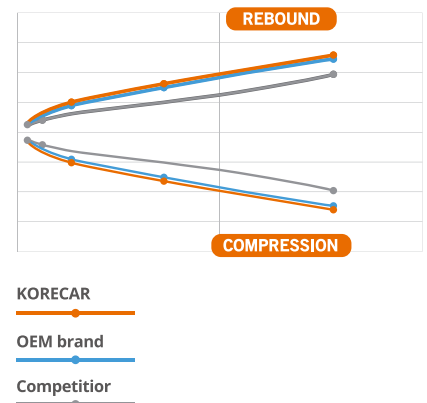

The Shock Absorber stabilizes the movement of the spring swaying by the impact. The spring continues to contract and expand as force is applied. It is necessary to limit the movement of the spring for the passenger's ride comfort. The Shock Absorber regulates the movement of the spring through the resistance generated by passing oil through a small hole of the valve.

**OE**  
OE Quality

### Performance Comparison

## Timing Belt Kit

Timing belt kits contain everything needed to replace the timing belt and its associated parts. It connects the crankshaft to the camshaft, which in turn controls the opening and closing of the engine's valves. The kit generally includes the belt itself, idler and tensioner pulleys which are necessary to maintain or decrease slack as needed, and bolts needed to secure everything in place.

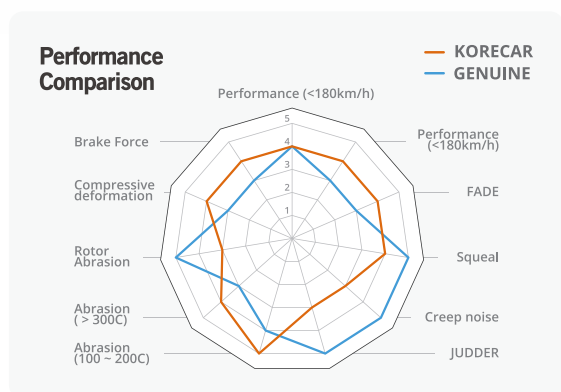

# PRIVATE BRAND

## Brake Pad

The brake pad is a part that decelerates the vehicle by rubbing the disc with the pressure generated by stepping on the brake pedal. Depending on the material of the pad, the amount of dust generated and the friction noise are different.

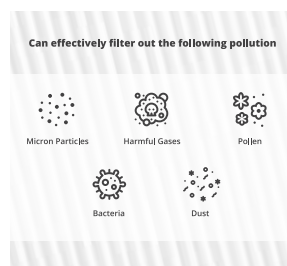

## Filter

Air filters prevent such harmful dust substances over 0.3µm from entering the vehicle to provide only pleasant and clean air to drivers and passengers. Oil filters protect your engine by keeping harmful particles and dirt out, preventing premature wear and engine failure. Fuel filters help to protect the most expensive parts of the engine by filtering out foreign particles that can damage a fuel injector.

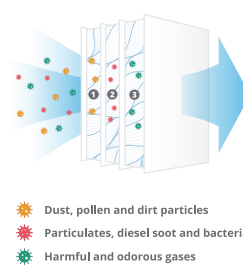

### Good Filter for Good Results

Use of medical grade composite paper can filter out more than **0.3 micron** particles

### Multilayer Structure

**3 layer filter system**, give you better clean air

## KORECAR PRODUCTS LIST

### Suspension & Steering Parts

- Shock Absorber & Strut Ass'y
- Steering Gear Ass'y
- Stabilizer Link
- Rack End (Inner Ball Joint)
- Tie Rod End
- Ball Joint
- Control Arm
- Mounting
- Others

### Engine Parts

- Belt (Timing Belt and V belt)
- Timing Chain
- Engine Bearing
- Tensioner and Idler Bearing
- Piston Set
- Water Pump
- Oil Pump
- Fuel Pump
- Engine Gasket Kit
- Others

### Brake & Clutch Parts

- Brake Pad
- Brake Shoe
- Brake Drum
- Brake Caliper
- Brake Disc
- Clutch Disc
- Clutch Cover
- Clutch Release Bearing
- Others

### Electrical Parts

- Spark Plug
- Alternator
- Starter Motor
- Thermostat
- Ignition Coil
- Cable
- Regulator
- Switch/Relay/Control Unit
- Halogen Bulb
- Others

### A/C Parts

- Radiator
- Compressor
- Condenser
- Evaporator
- Heater Core
- Others

### Maintenance Parts

- Filters
- Hose
- Lubricant
- Bushing
- Others

### Others

- Bumpers
- Moldings
- Handles
- Mirrors
- Accessories
- Others
